

### Goals and Rationale: 2010/2011 School Year

## St. Matthew's Parish School Library

## Goal # 4

The LMT will create a grade-by-grade technology portfolio to be showcased at faculty meetings. This portfolio will give ideas to teachers about how technology can be integrated into the curriculum. Work with teachers to help integrate technology into their curriculum.

**Rationale:** *Information Power* Learning and Teaching Principles:

#1 Guide and assist the learning community in the use of new media and technologies for learning and teaching and in evaluating and selecting appropriate informational and instructional resources.

#2 Work collaboratively with teachers and others to create, implement, evaluate, and revise information-based learning activities.
